Attached

Honorable Abraham Ribicoff, Chairman
Committee on Governmental Affairs
United States Senate
Washington, D.C. 20510

Dear Mr. Chairman:

This is in response to your request for the views of this Agency on S. 1264, a bill to provide policies, methods and criteria for the acquisition of property and services by Executive agencies. We appreciate this opportunity to comment on the bill.

We do not oppose this bill due to the statutory authority granted in section 8 of the Central Intelligence Agency Act of 1949. This provision enables the CIA to use discreet procurement methods where security considerations are involved.

There are, however, two sections of S. 1264 which should be strengthened in order to remain consistent with existing legislation. First, a national security exemption should be included in section 304(a), dealing with single-source procurements, similar to that already provided in section 201. Second, we recommend that provision be made in section 701 for protest procedures for classified contracts.

Other than the suggestions expressed above, this Agency has no objections to this bill and will defer to other agencies more directly affected.

The Office of Management and Budget has advised there is no objection to the submission of this report from the standpoint of the Administration's program.

Sincerely,

/s/John F. Blake

Attached for your signature is a views letter to the Senate Governmental Affairs Committee on S. 1264, the "Federal Acquisition Act of 1977." This procurement bill would establish uniform methods for the acquisition of property and services by Executive agencies.

The bill is compatible with existing procurement practices, subject to a slight amendment to assure that it does not conflict with the protection from publication offered in section 6 of the CIA Act of 1949.

We have been in touch with the Committee staff and were granted an extension to their 25 June deadline. The letter has been cleared by OMB for submission to the Congress. It has been coordinated with the Office of Logistics and the Procurement and Law Division of the Office of General Counsel, as well as with the Department of Defense and National Security Agency.
